

## **MSD CATEGORY MAILING LISTS**

### **G. GENERAL:**

- MSD-G/01    ASSOCIATIONS AND MISCELLANEOUS -  
Includes all parties who wish to receive ALL correspondence which are mailed to the public by the Mobile Source Control Division and the Mobile Source Operations Division. These associations DO NOT need to be listed on any other MSD list.
- MSD-G/02    GREY MARKET/DIRECT IMPORTERS AND/OR LICENSED VEHICLE -  
Grey market vehicles also known as direct import vehicles (DIVs) are those that were not originally built for use in the United States (US). They do not meet US emission standards or safety standards. The ARB has separate regulatory programs for DIVs that are new (up to 2 years old) and for those that are used (over 2 years old).
- MSD-G/03    ALTERNATIVE FUEL RETROFIT SYSTEMS AND/OR OTHER RETROFIT SYSTEMS -  
Manufacturer of alternative fuel retrofit system or motor vehicle retrofit systems or those interested in this topic such as trade associations.
- MSD-G/04    ON THE MOVE LIST -  
Current news type mailings regarding mobile sources issues.
- MSD-G/05    CARL MOYER LIST -  
Includes, but is not limited to, parties interested in the Carl Moyer Program, which provides grants for the incremental cost of cleaner heavy-duty vehicles and equipment. Such project categories include on-road heavy-duty vehicles, off-road equipment, marine vessels, locomotives, stationary agricultural pump engines, airport ground support equipment, forklifts, etc.

## **MSD CATEGORY MAILING LISTS**

### **A. ON-ROAD:**

- MSD-A/01    HEAVY-DUTY VEHICLES/ENGINES -  
Manufacturers of heavy-duty engines and heavy-duty vehicles.
- MSD-A/02    HEAVY-DUTY VEHICLE INSPECTION PROGRAMS -  
Includes contacts involved with on-road heavy-duty vehicles.  
Includes, but not limited to: truck owners, fleet operators,  
maintenance personnel, truck repair facilities, heavy-duty engine  
manufacturers, test equipment manufacturers, trucking trade  
associations, and other government smoke abatement programs.
- MSD-A/03    LIGHT-DUTY, MEDIUM-DUTY, AND PASSENGER CAR  
INDUSTRY -  
Includes, but is not limited to, regulations and test procedures  
pertaining to passenger cars, light-duty trucks, medium-duty  
vehicles, and engines used in these vehicles.
- MSD-A/04    MOTORCYCLES -  
Mostly is comprised of motorcycle manufacturers and related  
organizations. These parties are kept informed of regulatory  
notices and hearings regarding the adoption of motorcycle  
emission standards.
- MSD-A/05    NON-TRANSIT BUS COMPANIES -  
Over-the-road bus companies (e.g., Greyhound).
- MSD-A/06    TRANSIT DISTRICTS -  
Includes contacts for bus transit districts (public, private, and  
paratransit) located primarily in California.
- MSD-A/07    ZEV PROGRAM -  
Interested parties in ARB's Zero Emission Vehicle (ZEV) Program.
- MSD-A/08    ZEV IMPLEMENTATION ADVISORY COMMITTEE -  
Members of the Zero Emission Vehicle (ZEV) Advisory Committee.
- MSD-A/09    IN-USE SURVEILLANCE VEHICLES TEST REPORTS -  
The ARB periodically conducts surveillance programs to assess  
the emissions from the vehicles exhaust and to evaluate I/M  
(Smog) program. The report is published on completion of the  
program.

- MSD-A/10    IN-USE SURVEILLANCE (RFP)/VEHICLE PROCUREMENT CONTRACT -  
The Contractor will solicit the private vehicle owners for participation in a test program. The Contractor will deliver the vehicles to the State Laboratory in El Monte for testing.
- MSD-A/11    SCHOOL BUS -  
Includes school districts as well as operators and manufacturers of school busses.
- MSD-A/12    SB501 SCRAP AND SB501 TAG -  
Includes parties interested in light-duty accelerated vehicle retirement programs and members of the Senate Bill 501 (SB501), Technical Advisory Group (TAG) who advise ARB on the development of emissions credit calculation protocol for use with light-duty vehicle scrappage programs.
- MSD-A/13    TESTING -  
Persons/Industry and other states EPA's who are interested or need information on On-Road testing.
- MSD-A/14    USED JAPANESE ENGINES -  
Importers and distributors of used Japanese engines or those interested in regulations regarding the use of used Japanese engines.
- MSD-A/15    AUXILIARY FUEL TANK -  
Manufacturers of fuel tanks that can be added to vehicles.
- MSD-A/16    MOBILE SOURCE CREDITS -  
Vehicle/engine manufacturers, retrofitters, auto dismantlers, users of emission reduction credits.
- MSD-A/17    AFTERMARKET PARTS -  
Manufacturers of aftermarket products such as turbochargers or exhaust manifolds that have or are interested in receiving an exemption from California Vehicle Code Section 27156.
- MSD-A/18    FLEETS -  
Owners of on-road fleets of vehicles.

## **MSD CATEGORY MAILING LISTS**

### **B. OFF-ROAD:**

- MSD-B/01    **SMALL OFF-ROAD ENGINES (SORE) -**  
Includes all engines under 25 horsepower. Including, but not limited to, engines used in lawn and garden equipment, such as mowers, chainsaws, garden tractors, leaf blowers, and other applications such as generators, pumps, specialty vehicles, non-electric golf carts, motorized skateboards and go-karts.
- MSD-B/02    **OFF-HIGHWAY RECREATIONAL VEHICLES -**  
Includes, but not limited to, equipment such as off-road motorcycles, all-terrain vehicles, golf carts, and other equipment/vehicles used for recreational purposes.
- MSD-B/03    **LOCOMOTIVES -**  
Includes, but not limited to, vehicles or engines that push or pull freight or passenger cars on fixed rails.
- MSD-B/04    **MARINE VESSELS -**  
Includes, but not limited to, commercial marine vessels such as tugboats, tankers, freighter, passenger ships, barges, fishing vessels, or other commercial boats, ships, or watercraft (not used primarily for recreation).
- MSD-B/05    **RECREATIONAL MARINE -**  
Includes, but not limited to, boats used for recreation, fishing, water skiing, sightseeing, and transportation. This includes yachts, inboards, outboards, sailboats with auxiliary propulsion engines, and small personal watercraft (e.g., Jet Skis, or the like).
- MSD-B/06    **DEALERS OF RECREATIONAL MARINE ENGINES -**  
Includes importers and distributors of boats used for recreation, fishing, water skiing, sightseeing, transportation, etc.
- MSD-B/07    **COMPRESSION IGNITION ENGINES 25 HORSEPOWER AND GREATER -**  
Includes, but not limited to, engines used in farm, construction, and industrial mobile equipment such as pumps, generators, compressors, airport service equipment, turf care, personnel carriers, forklifts, bulldozers, mobile cranes, tractors, and other similar equipment.

- MSD-B/08 SPARK IGNITION ENGINES 25 HORSEPOWER AND GREATER-  
Includes, but not limited to, engines used in farm, construction, and industrial mobile equipment such as pumps, generators, compressors, airport service equipment, turf care, personnel carriers, forklifts, and other similar equipment.
- MSD-B/09 FLEETS -  
Owners of off-road fleets of vehicles, equipment, or engines.
- MSD-B/10 MOBILE SOURCE CREDITS -  
Includes, but not limited to, parties interested in off-road emission credit, banking, and trading programs.
- MSD-B/11 AFTERMARKET PARTS -  
Includes, but not limited to, parties interested in aftermarket parts, supplies, and modifications associated with any of the above categories of off-road.
